

# PARELLI NATURAL HORSEMANSHIP TOOWOOMBA CLINIC

with 4 Star Senior Parelli Instructor Carmen Smith

## A SAVVY EXPERIENCE

Over 2 days we'll have two different groups progressing, so you also have the opportunity to watch & learn, as well as hands on help with your horse in small groups, helping your horse become calmer, smarter, braver and more athletic.

Level 1/2 group in the morning will progress more patterns and refining our communication online & riding. Level 2/3 group in the afternoon will look at developing liberty & advancing our riding patterns. Both groups observe each other for further learning!
